1) What is your major/area of study or certificate program?

2) What career/job title are you interested in?

3) Use **Occupational Outlook Handbook** to answer these questions:
   - What is **one** specific thing people in this career do?
   - What **education/training** is required for this career?
   - What is the **job outlook** for this career?

4) Use **O*Net** to answer these questions:
   - List **one** knowledge, skill, or ability that is required in your career?
   - What are some **related occupations** that you might consider?

5) How should you determine if information sources are reliable and academic?

6) Why should you cite your sources?
